

BLOCK PROGRAM

Executive Jet Management's (EJM) Block program gives you all the advantages of our private jet charter services with the added benefit of saving you money through a volume discount.

THE BLOCK PROGRAM IS AN IDEAL SOLUTION IF YOU:

- Fly 50 or more hours per year
- Prefer a pay-as-you-go pricing model but at a discounted rate
- Need more than one aircraft per day
- Have a flight department and need supplemental aircraft

HOW IT WORKS:

Joining the Block Program

To take advantage of our Block pricing, you must contract to fly 50 or more hours per year with Executive Jet Management. The more annual hours you commit to fly, the greater your discount can be.

Scheduling Your Flight

When you are ready to book your trip, simply contact us by phone with your itinerary, including your travel dates and preferred aircraft size, and we'll take care of the rest. Along with your volume discount, you will receive a detailed quote including all fees and taxes. Once you book your trip, your quoted price is guaranteed.

Receiving Your Discount

When you receive your guaranteed quote, the total cost will reflect your Block program discount. Block discounts are calculated as a percentage off the hourly rate. The percentage you receive off the hourly rate is based on the hours you contract to fly with Executive Jet Management.

Your negotiated discount will apply to all flights for your company and its affiliates. This discount may be extended to company employees at your discretion. There are no restrictions to the size or type of aircraft, and you may charter an unlimited number of aircraft per day at your discounted rate. Your discounts are automatically applied at the time of booking.

Contact us today to learn more about Executive Jet Management's Block program or to book your next trip.
